Arrival times for divisions:

Open: 8:15 AM
Intermediate: 9:15 AM
Novice: 11:30 AM
Beginner: 1PM

Important info for participants:

Riders may have one parent/guardian with them.

Upon arrival you will have your temperature checked at the driveway where you will receive a wristband. Anyone with a temperature of 100.4 degrees or higher will not be allowed in.

Masks must be worn at all times other than when mounted. Once you have arrived please stay in your car until your division is called to mount. Large signs will be placed on the fencing of the show ring to let you know what divisions are showing. For example, when the Open riders can mount to ride a large sign saying “Open” will be hung on the fencing in view for all to see.

When it is your time to show your parent/guardian may stand ringside to watch staying 6 feet or more apart. When you are finished showing please listen for your results. These results will also be posted by the prize table. Gather your ribbons and prizes and please depart immediately so that we can stay within the state guidelines for number of people allowed at an outdoor event. This is critical for our show to run.

There will not be food offered at this show. A port o potty will be provided. Please sanitize your hands often. There will be sanitizers located through the show.
